

Tess Breton

Paris, France – [Personal website](#) – tess.breton@u-paris.fr – [GitHub](#) – [LinkedIn](#)
First-year PhD candidate at Université Paris-Cité ([MAP5](#)) and Inria ([Premedical](#))

Education

Université Paris-Cité (MAP5) & Inria (Premedical) Oct 2025 - Present

PhD in Statistics: Causal Inference, Policy Learning and Clinical Applications.

- Under the supervision of [Antoine Chambaz](#) (Université Paris-Cité, MAP5), [Julie Josse](#) (Inria Premedical) and [Geneviève Robin](#) (Université Paris-Cité, MAP5).
- Funded by the AMX doctoral grant from École Polytechnique.
- Teaching Assistant: Tutorials for first and second-year Bachelor students in Mathematics and Statistics.

École Normale Supérieure Paris-Saclay

Sept 2024 - July 2025

Master of Science (*Master 2*), MVA (Mathematics, Vision, Learning)

Highest Honors

Main courses: Computational Statistics, Reinforcement Learning, Probabilistic Graphical Models and Deep Generative Models, Biostatistics, Kernel Methods in Machine Learning, Sequential Learning.

École Polytechnique

Sept 2021 - July 2025

Master of Science (*Cycle Ingénieur*), Applied Mathematics

GPA: 3.94

Main courses: Statistics, Algorithm Design and Analysis, Deep Learning in Computer Vision, Optimization and Control, Game Theory, Random Models in the Environment and Evolution, Statistics in Action.

Lycée Louis Le Grand

Sept 2019 - July 2021

Bachelor of Science (*Classe Préparatoire MPSI-MP**), Mathematics and Physics

GPA: 4.0

Intensive two-year preparation for the entrance exams to France's top engineering schools.

Work Experience

Owkin, Frontier Research Team

Paris, France

Research Intern

April 2025 - Oct 2025

Prediction of patient chemotherapy response from baseline gene expression profiles using models trained on pre-clinical data. Worked on bulk, single-cell and spatial RNA-sequencing data from the [MOSAIC initiative](#).

Columbia University, Irving Institute for Cancer Dynamics

New York, United States

Research Intern, Alliance Program

April 2024 - Sept 2024

Worked on modeling extra-chromosomal DNA dynamics in cancer cell populations, using Moran stochastic processes. Internship supervised by Simon Tavaré and Khanh Ngoc Dinh. [Report](#).

École Polytechnique

Palaiseau, France

Tutor for Bachelor students in Asymptotics Statistics

Sept 2023 – Dec 2023

Weekly 2-hour tutoring session with third year Bachelor students. Exercices and exam preparation.

GE HealthCare

Buc, France

R&D Data Scientist Intern

June 2023 – Sept 2023

Evaluation of the robustness of an algorithm for lung nodule detection and segmentation on CT scan images.

Skills & Interests

Languages: French (native), English (C2), German (B2), Spanish (B1), Japanese (A1).

Programming: Python, R.

Hobbies: Piano, Swimming, Drawing.

Volunteering: Volunteer academic tutor at *Secours Populaire de Paris* since October 2025.
